

# HEAD & NECK screening event

Location: Riverside Cancer Institute  
200 Riverside Dr, Bourbonnais, IL  
Date: Tuesday, April 27  
Time: 5:30 to 8 p.m.

## Who should get screened

### Head and neck cancer risk factors include

- Long term chronic alcohol use
- Tobacco use (smoking, chewing tobacco)
- Human Papillomavirus (HPV) infection
- A lump in the head or neck area that is not going away

This screening event will give you an opportunity to have a healthcare professional do a basic head and neck exam.

If your examiner feels you need further evaluation, you will be referred to an ear, nose, and throat specialist for a formal consultation.

If you think you may be at an increased risk for head and neck cancer, schedule your free Head and Neck Screening.
